A. SIGNIFICANT ITEMS

Nothing to report.

B. NORMAL ACTIVITIES

1. One of the most disappointing incidents in the history of the JOT Program is the announced intention of former JOT to resign from the Agency. We consider him to be one of the few very best and most promising JOT's. He has or will have discussed his carefully thought out reasons with at least six high officials of the Agency. It may be that from this loss and the analysis of its causes will develop improvements which eventually will be of great benefit to the Agency.

2. The JOTP staff met with Messrs. to discuss improved and more varied programs of training for JOT's assigned to that branch. Good understanding of our mutual problems and principles was established and we feel that, as a result, greater mutual benefit will develop. It should be stated that, to date, our experience with the RO Section of this branch has been highly satisfactory because JOT's have been able to participate

3. met with Eloise Page to discuss the opportunity for placing a JOT in SOD as a scientific case officer. This particular job appears to have unusual possibilities for developing a case officer.

4. reports that will begin IOC on 3 February under the auspices of JOTP.

5. We have called to the attention of C/SRB/OP, the memorandum of 24 January 1958 addressed to the Director of Personnel by the Inspector General with particular emphasis on the interest evidenced by members of ROTC units. already knows our feelings about ROTC officers, and we hope that this reminder will serve to stimulate their recruitment.
